Location:

CarFit is fun, fast and free!

CarFit is an interactive and educational program designed to improve mature driver safety!

Trained technicians teach participants how to make their personal vehicle “fit” them by reviewing 12 key areas, such as steering wheel tilt and placement, safe positioning of mirrors, properly adjusted head restraints, and line of sight. Come spend about 30 minutes to learn how to use and adjust your safety devices.

- This is not a driving test or mechanical inspection.
- Participation in the CarFit event is voluntary
- CarFit staff will not make any changes to your personal vehicle. Education will be provided on proper placement for your safety and comfort.

Appointments are required!
